Seat shown may vary. Ask your provider for details.

Non-Medical Device\*\*

## MAKE YOUR ADVENTURES LEGENDARY

This rugged outdoor explorer provides you with state-of-the-art suspension and drivability to make you feel like you're floating on air, industry leading dual-drive off-road capabilities with independent traction and torque the competition will wish they had. The Baja™ Wrangler® 2 is packed with the go-power of up to 11.4 mph and built to get you to the places you want to go and the places you haven't thought of yet.

# BAJA™ WRANGLER® 2

# FEATURES

Non-Medical Device\*\*

- CTS Suspension includes industry-leading front and rear suspension for a smoother ride
- Steering dampening system absorbs uncontrolled movement over rugged terrain, limits fatigue and reduces energy needed to control handles
- User friendly LED console with variable speed control displays time, temperature, miles driven, and trips taken plus horn and light buttons
- Adjustable delta tiller with ergonomic, wraparound handles, XLR charging port and USB charger for charging portable devices
- Easily accessible tie-down points (for transport of unoccupied scooter)
- Full LED lighting package includes headlights, hazard lights, and directional signals
- Rear backup sensor LED lights indicate when you are too close to an object when in reverse
- Hydraulic hand brake
- Easy battery installation

**ELECTRONICS:** 2-year limited

**DRIVETRAIN:** 2-year limited

**BATTERY:** 6-months

# NON-MEDICAL DEVICE

\*\* The intended use of this product is to provide assistance to persons with limited mobility who have the capacity to operate a motorized scooter.

1. Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition, and tire condition. This specification can be subject to a variance of (+ or -) 10%.
2. Tested in accordance with ANSI/RESNA, MC Vol2, Section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
3. Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or -) 3%.
4. Battery weight may vary based on battery manufacturer.
